PRODUCT SPECIFICATION BULLETIN

CERTIFICATE of COMPLIANCE

PIPE NIPPLES – CARBON STEEL ASTM A53 WELDED

We hereby certify that the black and galvanized welded pipe nipples, supplied by Capitol Manufacturing and CapProducts Ltd. conform to the dimensional requirements of ASTM A733. The raw material used to produce these nipples conforms to the chemical and mechanical requirements of ASTM A53 Type E or F requirements. These products conform to the applicable requirements of CSA-51, ASME B31.1, B31.3, and ASME Section VIII, Division 1 Boiler and Pressure Vessel Codes.

The threads of these nipples are manufactured in accordance with the ANSI/ASME B1.20.1 pipe thread standard. These pipe nipples are cleaned and coated with a water-soluble rust inhibitor. In addition, we certify that Capitol Manufacturing or CapProducts Ltd. brand carbon steel welded pipe nipples are respectively manufactured and inspected in the United States of America or Canada.

These products are produced in accordance with the Capitol Manufacturing or CapProducts Ltd. ISO 9001:2008 Certified Quality System Program. These products are inspected by independent quality control personnel conforming to the requirements of EN 10204 Section 3.1B. These products were not exposed to mercury or any other metal alloy that is liquid at ambient temperatures during processing or while in our possession.
